Withdrawal from Internal Training

1. I am presently enrolled in the Economic Russian Reading Course given by the Office of Training which began 1 October 1956.

2. Subsequent to my enrollment in the course I have assumed responsibilities in excess of those which I held at the time I first made application for the training. As a result of the additional duties, I have been unable to attend most of the classes and I see little prospect of being able to attend more than a few in the future. Therefore, I would like to withdraw from the course at this time.

3. I plan to attempt to continue study of and practice in Russian, though at a considerably slower pace, on my own time outside of office hours.
